ORANGE COUNTY, CALIF. (February 27, 2019) – Montage Hotels & Resorts announces today new partners for its renowned Spa Montage, including Swiss-made **Valmont**, known for its scientific approach to beauty, and **Tata Harper**, a pioneer of all-natural skincare. Both partners will enhance the menus and experiences at Spa Montage this year, allowing for further individualization for Spa Montage guests. Complementing the existing luxury skincare lines already available at **Montage Hotels & Resorts** including **Montage Laguna Beach, Montage Deer Valley, Montage Kapalua Bay, Montage Palmetto Bluff** and **Montage Los Cabos**, the new products and treatments were selected based on the location of each property and its guests' individual needs. **Montage Beverly Hills** continues to provide incredible results with skin and body treatments as the exclusive West Coast destination for L.RAPHAEL Genève – the renowned Swiss skincare brand known for its non-invasive, scientifically advanced, products and treatments for the face and body.

“Elevating and enhancing the Spa Montage experience for guests through like-minded partnerships continues to be a focus for Spa Montage, and we’re pleased to announce our partnership with Valmont and Tata Harper, both renowned leaders and innovators in the luxury spa and skincare industries,” said Patrick Huey, corporate spa director of Montage International. “Valmont and Tata Harper bring a selective approach to Spa Montage to accommodate guests’ individual needs while still aligning with Montage Hotel & Resorts’ core values.”

Valmont

Created along the banks of Lake Geneva in the Swiss Alps, Valmont is a family-owned company drawing on 30 years of tradition and experience, utilizing the concept of cellulotherapy to create effective, high-performance anti-aging treatments with incomparable regenerative power. The brand’s artistic approach to skincare with a commitment to luxury and high-level service fit perfectly with Montage Hotels & Resorts and the brand ethos.

As part of the new partnership with Spa Montage and Valmont, the skincare brand created an exclusive treatment for Spa Montage - the **Masterpiece Facial**. The facial combines the power of a dual cleansing process with six masks, including a complete collagen treatment for the face, neck, décolleté and eyes. Valmont utilizes its impressive technology to infuse the power of oxygen, Vortex suction, and a combination of salicylic and glycolic acid peels to remove impurities deep within the skin and dampen the acceleration of aging.

Valmont is offering additional results-driven treatments at Spa Montage including **Radiance Ritual – Brightness of Ice**, especially recommended for combatting pigmentation disorders; and **Hydration Ritual – Source of Bisses**, combining a moisturizing booster, intensive treatment, and the technology of two hyaluronic acids to address manifestations of dehydration in the skin.

Valmont signature and exclusive treatments are available at Spa Montage Laguna Beach, Spa Montage Deer Valley, Spa Montage Palmetto Bluff, Spa Montage Los Cabos and Spa Montage Kapalua Bay.

Tata Harper

Crowned as the “Queen of the Green Skincare Movement” by *Forbes*, Tata Harper is a pioneer of natural luxury skincare, curating all-natural, luxury farm-to-face products and treatments. Tata Harper’s holistic approach to treatments and personalized service balance seamlessly with the distinctive Spa Montage, and guests will now have the opportunity to choose from five Tata Harper facial treatments at select Spa Montages this year.

The **Beyond Beauty Facial** is illustrative of Tata Harper treatments available to guests of Spa Montage, with transformative aromas accompanying a choice of a purifying back treatment or foot ritual, followed by a targeted triple cleanse and exfoliation that leaves the skin radiant and silky smooth. Three luxurious purifying masks are weaved in throughout the facial, followed by a beautifying hand and arm ritual and soothing eye treatment. The experience concludes with a luminescent Diamond Dust moisturizer to leave skin soft and supple.

Additional Tata Harper treatments available at Spa Montage include the **Organic Brightening Facial** with 100% Natural Multi-Acid Peel for a flawless-looking complexion with no downtime; and the **Ultimate Organic Facial**, a complete treatment employing natural muscle-relaxing neuropeptides to instantly reduce wrinkles, reinforce collagen, and restore the skin’s youthful cushion.
