DREAM

As some families prepare to return to remote learning this fall, Montage Deer Valley is thrilled to announce Montage Academy, a back-to-school program to complement distance learning for students, ages 6-17. Montage Academy was designed to offer students in-person activities beyond their virtual curriculum in a luxury mountainside setting, with a daily schedule broken into two sessions: study hall and electives at Montage Deer Valley. Students have the opportunity to join a monitored study hall on property offered all day and will have access to a learning concierge who can assist them with a virtual tutor to complete assigned classwork from the student's respective homeroom. During the afternoon, students have the option to participate in an elective with a learning component, to include:

**ART**  
Plein Air,  
arts and  
crafts

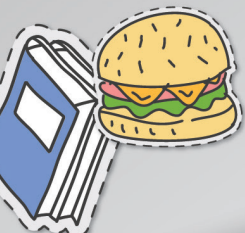

**PHYSICAL  
EDUCATION**  
hiking,  
fly fishing,  
archery

**LIFE  
SCIENCES**  
woodshop,  
cooking

**HISTORY**  
Native  
American,  
Natural  
Landscape

**SCIENCE**  
astronomy,  
flora and  
fauna
