

As some families prepare to return to remote learning this fall, Montage Los Cabos is thrilled to announce Montage Academy, a back-to-school program to complement distance learning for students, ages 6-17. Montage Academy was designed to offer students in-person activities beyond their virtual curriculum in a luxury beachside setting, with a daily schedule broken into two sessions: study hall and electives at Montage Los Cabos. Students have the opportunity to join a monitored study hall on property offered all day and will have access to a local tutor who can assist them with a virtual tutor to complete assigned classwork from the student's respective homeroom.
